What is Income Protection Insurance?

Your ability to earn a future income is often your most valuable asset, so you must consider protecting it as you would your vehicle, home and business.

Income Protection Insurance pays you a benefit if you are unable to work for an extended period due to injury or sickness. It is particularly important for self-employed people, small business owners or professionals whose business relies heavily on their ability to work.

As we are not a life insurance broker, we have partnered with Wheeler Financial Advisers to offer you a complete solution for your Income Protection & Life Insurance needs. To find out more about Income Protection Insurance, please visit Wheeler Financial Advisers.
